

Beechcraft Hawker 400XP

This light jet is very popular in the U.S. market, but only since 2010, some machines are available on the European market. The typical configuration of four seats in the living room and two rear seat offers space and comfort for up to 8 passengers. With 4.7 m long and 1.5 m in height makes it a good option for short medium flights.

Specifications:

- Cruising speed 820 km / h
- Range 3,000 km
- Seats 7/8
